G.W.V.A. POPPY CAMPAIGN

—o—

The distribution of Vetcraft Poppies as the "Flower of Remembrance" this year on Armistice Day will assume proportions far in excess of any year since the institution of the custom. Orders received by the G.W.V.A., which acts as distributing agent for Vetcraft Poppies, are now in excess of a total distribution last year by several hundred thousand. Approximately a million poppies were worn by Canadians last Armistice Day. This year it is estimated that the total distribution will exceed a million and three quarters.

Memorial Service Sunday Evening

—o—

The annual Memorial Service for Strathmore and district will be held in the Memorial Hall on Sunday evening November 8th. The address will be given by Rev. Canon Montgomery, formerly incumbent of St. Michael's Church, Strathmore, and an overseas veteran. Rev. A. D. Currie and Rev. A. H. Rowe will also take part in the service, and no other local services will be held that evening.

The combined musical talent of the town will participate in the musical part of the service. "Crossing the Bar" (Woodward), "The Recessional" (De Koven) will be rendered.

The collection will be devoted to the beautifying and fencing of the grounds surrounding the Memorial and the Hall.

It is trusted that everyone in the town and district will attend to do honour to the men who died in service in the Great War.

CURLERS HOLD SUCCESSFUL DANCE

—o—

The Strathmore Curling Club held a very successful masquerade dance in the Memorial Hall on Thursday evening. There were many original costumes. Fine music was supplied by Mrs. Trainor's Orchestra, and during the evening the election returns were given on blackboards, the radio returns being taken by Mr. Frank Craddock, collaborating with Mr. A. McParland.

The hall was appropriately and prettily decorated. A nice supper was surveyed by the Iris Patrol Girl Guides.

The prize-winners were as follows:
Best Dressed Lady—Mrs. C. A. Lydiatt.
Best Dressed Gentleman—R. S. Stockton.
Gent's Comic, Mr. Hugh Berry.
Ladies' Comic—Mrs. Morgan.
Most Original—Miss Sally Wright.

Thanksgiving Day Holiday

—o—

Next Monday is Thanksgiving Day, and will be a general holiday in Canada. Thanksgiving Day and Armistice Day have been combined, and are celebrated on the Monday nearest to November 11th, much to the objection of the veterans and others.

But anyway, Thanksgiving Day, October 9, is a public holiday, and all concerned are requested to govern themselves accordingly, and to note that banks, stores, and other places of business will be closed.

More Weather

—o—

The usual week-end storm was late in arriving this week, but by Tuesday morning there was a covering of snow on the ground, but the fall was slight and threshing continued.

Threshing was carried on by many outfits in the district last week. Those who shook the snow off the stooks following the previous Sunday's snow were able to continue without interruption, but others did not get going till the latter end of the week.

A lot of grain is coming into elevators in the district, and is for the most part grading 2 and 3 tough.

If the weather continues cold threshing operations will continue following the storm, but if it warms up it will necessitate waiting for the grain to dry out again. A number of farmers took advantage of the weather last week to stack.

The frequent delays have caused a great deal of extra expense to farmers and threshermen. The only good feature is that as regards yields, wheat is turning out well, even stubble crops yielding in some cases as much as thirty bushels per acre, other grains show proportionately good yields. Most of the grain shipped is being routed west, the freight rate being lower, and there being a premium on Vancouver shipments.

Election Results

—o—

Conservatives Are Largest Group, But Have Not Clear Majority.

The election which was held on October 29 did not give a decisive result. While the Conservatives made large gains in the Maritime Provinces, and achieved a landslide in Ontario, they made little impression in Quebec. The Liberals made decided gains only in Saskatchewan, where they won a number of seats at the expense of the Progressives, who are now reduced to the position of a purely western party.

Premier King and eight of his cabinet went down to defeat in the Ontario landslide.

Local Results

In the Bow River riding E. J. Garland, the sitting member, retains his seat by a majority of 626. In the Macleod constituency G. C. Coote was re-elected.

With eight small polls to hear from which will not effect the results to any extent, the Bow River election results Sunday showed the following:

Garland (progressive)	3,537
Gouge (Liberal)	2,911
Douglass (Conservative)	2,075

Mr. Gouge conceded the election to Garland and wired him his congratulations.

Garland's present majority is 626, which all came from the country polls in the south part of the constituency, and overcame the comfortable lead Gouge had in the north part, or north of the C. P. railway line.

Strathmore went Conservative by a small majority. The Conservatives and Progressives were the only parties which did any active work in Strathmore or the immediate district, which probably accounted for the small vote polled by Jesse Gouge, the Liberal candidate.

Returns were received during the evening by phone and radio, and displayed on blackboards at the Curlers' Dance. Much credit is due to Messrs McParland and Craddock, who organised this service, and to the tel phone staff who had to answer innumerable queries during the course of the evening.

The radio reports and the first newspaper statements gave E. J. Garland a majority of around 1700 but later on it was found that so far from this being the case Jesse Gouge, the Liberal candidate was in the lead. The country polls, however, more than equalized the big majority given to Gouge in Drumheller, but the final result was in doubt up till Monday. A little less than three-quarters of the total vote was polled at Strathmore on Thursday. A number of farmers did no come in as they were busy threshing, but the general response was very gratifying. There were five spoiled ballots in the Strathmore polls.

The explanation given for the mistake in the original figures of the Bow River result was that over the phone the vote for Robt. Gardiner, in Acadia Constituency, was mistaken for that of Garland.

OFFICIALLY OPEN SUGAR FACTORY

The official opening of Alberta's new million dollar sugar factory at Raymond, south of Lethbridge, took place on Friday of last week, with many in attendance including representatives of the provincial government. A special train was operated from Lethbridge for the event, which marks an epoch in the development of the irrigated sections of southern Alberta. The plant expects to handle something like 90,000 tons of beets this season, and has already commenced operations. The crop is a particularly heavy one, although being harvested under adverse weather conditions. Yields ranging anywhere from ten to twenty tons of beets per acre are being realized.

BYE-ELECTION TO BE HELD

Bye-elections to fill the six vacancies in the Alberta Legislature created by the resignation of members who have entered the federal field, will be held before another session, but as yet no date has been fixed for these elections. The vacancies in the house were created by the resignations of the following members: C. W. Cross, Edson; S. G. Tobin, Leduc; T. C. Milnes, Claresholm; A. R. McLellan, Edmonton, Liberals; and Dr. Stewart, Lethbridge, Conservative; and W. M. Davidson, Calgary, Independent.

Standard Notes

Mr. Hugh Farthing, of Cochrane, Alta., formerly of Standard, arrived in town last Monday and will represent the Sun Life Assurance Company here. We are very glad to welcome Mr. Farthing to Standard, and wish him every success in his new endeavor.

Mrs. G. A. Lee left on Tuesday for Carstairs where she was called owing to the severe illness of her brother there.

Miss Edith Larsen was the guest of honor at a delightful surprise party at the home of the Misses Margaret and Minnie MacLeod on Monday evening, she was also the honor guest at a party on Saturday evening at the Anders Anderson home. Edith is a very popular member of Standard's younger set, and it is with regret that we learn of her departure to Seattle, Wash.

We are very sorry to report the illness of Mr. Svendsen, who is suffering with typhoid fever in Calgary.

Miss Vivian Chigard spent the week end at her home in Hussar, upon her return she accepted a position in the Standard Drug Store.

Mr. L. H. Lavridsen was a visitor to Calgary last week.

Mrs. Floyd Orburn was a passenger to Calgary on Thursday.

Mr. D. E. MacLeod was a passenger to Bassano on Monday returning on Tuesday.

Palmer's troupe, which played "Uncle Tom's Cabin" here on Thursday evening, were greeted by a record attendance, the hall being packed to the doors.

Mr. George Webb underwent an operation last week for tonsils, and also had a slight operation on his knee.

Mr. and Mrs. Chris. Larsen and daughter Edith, who have spent the past two years in Standard left on Saturday for Calgary, where they will visit for a short time before going to Seattle, Wash.

Union Church services are being conducted in the Standard School every Sunday morning at eleven o'clock. Mr. Richmond is pastor, and extends a cordial invitation to everyone in the Standard district.

Keoma Notes

Jock Allsop was kicked by a horse and seriously hurt last Saturday week. He suffered severely from internal injuries, and was taken to the Holy Cross Hospital. The last report from his parents was that he was doing as well as could be expected.

The Inspector, Mr. Buchanan, has been visiting the schools around here, and has given some very satisfactory reports.

Mr. and Mrs. Clark are expecting a visit from Mr. Clark's brother, from Seattle.

The farmers are slowly getting their wheat threshed, a bushel at a time, maybe if the winter lasts long enough they will finish before spring.

Mrs. Ora Park was a visitor to Calgary for two days last week.

The skating enthusiasts of the district have already tested the ice and declare it good—but, alas! it's no more. At the time of writing the ice has become water, and bathing suits are the order of the day.

Fund of Remembrance

Objective $2200, amount required to clear Strathmore War Memorial Hall of debt.

Amounts received last week, from T. Longbotham, Balmtree $5.00

Donations can be sent in to John Mackenzie, Treasurer Memorial Hall Fund, or W. S. Patterson, Secretary G.W.V.A.

SCHOOLS OF AGRICULTURE OPEN

The provincial schools of agriculture at Vermilion, Olds and Claresholm have opened for the 1925-26 term, with an attendance which will total upward of 350 when all students have arrived. The schools are anticipating the heavy last registration in their history. The parties of British boys who are to train here under the Hoadley scheme, have been distributed with 24 at Claresholm, 20 at Olds, and 22 at Vermilion.

ALPINE CLUB OF CANADA ENJOYS RECORD MEET

(Upper) Abbotts Pass Hut and Glacier Peak. (Lower) Director Wheeler reading report at the annual meeting. (Insert) Mr. Wheeler, right, congratulating Capt. MacCarthy, who just returned from capturing Mount Logan.

"The camp this year was one of the best climbing camps we ever had," said T. B. Moffatt, regarding the outing of the Alpine Club of Canada, at Lake O'Hara, this summer. The weather was ideal and there was work for all classes to do, hikings to Lakes McArthur and Oesa, and to the Opabin Pass. Then shorter climbs were available for the graduates, such as Shafer and Odaray. The more seasoned climbers had Huber, Victoria, Lefroy and Hunabee.

The high mountains were in a better condition this year than they have ever been before owing to the scarcity of ice. From 50 to 60 members were out every day climbing, the two days' trip over the passes being very popular. Through the courtesy of the Canadian Pacific Railway, which placed its hut, situated at the top of the Abbot Pass, at the disposal of the members, the work of climbing was greatly facilitated.

The annual business meeting of the Club was held at Lake O'Hara Camp on August 5th. This was an auspicious occasion, for Captain MacCarthy, leader of the Mount Logan expedition and Henry S. Hall, esq., of the Canadian Pacific Railway and various departments for the Swiss Guides and the mountain hut at Abbot Pass.

Canadian Products Arriving at Southampton

Upper—How the cargo is stored ready for the consignee, showing one of the new electric trucks in action. Inset—Typical British longshoreman, who handle the cargo. Lower left—Unloading cargo from the "Empress of France" at Southampton. Lower right—Canada's products arriving in England for distribution.

Apart from the importation of frozen meat, what is perhaps one of the most extensive and important branches of the trade of Southampton, England, is the import of flour and fruit from Canada and the United States. These commodities have for a good many years been arriving at the Hampshire port in steadily increasing volume, and as they are usually carried in large passenger vessels, to ensure prompt and regular delivery, the recent rapid development of liner traffic at Southampton has naturally been reflected in a corresponding growth in the imports of North American flour and fruit. So many of the big trans-Atlantic steamers have been diverted from other British ports that this movement was almost inevitable, and during the last few years developments in this connection have been very rapid. In consequence it is greatly to the credit of the Southern Railway Company that they have succeeded in so organizing their facilities in the docks that they have been able to deal with all the increased traffic which has come their way in a most efficient and satisfactory manner.

The appliances for handling cargo of this description are of the most up-to-date character, and the methods employed are such as to guarantee to the consignees of the goods the most prompt and careful despatch. As can be seen from the photographs we reproduce one of the improvements adopted by the port authorities is the transporting of goods from ship's side to shed by means of electrically driven runabout trucks, which results in a great saving of time and labor, and also reduces the amount of handling to which the goods are subjected, and so minimizes the risk of damage.

The system of road transport from Southampton Docks is also well organized, so that local consignees are excellently served, whilst the railway connections to London and the North of England are such that to quote only one example, it is possible for goods to be put on rail in the west of Canada or the United States, shipped across the Atlantic to Southampton, and be on sale in London inside 10 days. Besides boxed fruit and flour, which are shown in our illustrations being unloaded from the Canadian Pacific liner "Empress of France," bacon is another commodity which is now playing an important part in the rapidly growing import trade of the port.

FIRST STRATHMORE TROOP

The following have passed their Tenderfoot tests: Jack Freeman, Tom and Ron Gaitskell, W. Corbett, T. Chamberlain, Herbert Rellinger, W. Harriman, and Archie Grey.

Archie Grey was promoted to Troop Leader, and Tom Chamberlain will be Patrol Leader of the Wolf Patrol.

An investiture will be held in the Clubroom on November 9th at 7.30 p.m. when the boys who passed their tests will be officially admitted into the great Brotherhood of Scouts.

Parents are invited to this ceremony.

Preparations are complete for the Whist Drive on the 13th, and tickets can be obtained from any of the boys.

A recruit class will begin on November 16th, and any boys wishing to join should make application to Scoutmaster F. J. Dunn at once as only a limited number will be taken.

Wolf cubs are full up at present, and they are going ahead with their training rapidly under Cubmaster Brown.

GOVERNMENT TO DECIDE DATE FOR THE BY-ELECTIONS

—o—

The provincial government will decide within a few days upon a date for the six by-elections to fill the vacancies in the legislature created by Messrs Stewart, Milnes, Davidson, Tobin, Cross and McLennan resigning to contest federal constituencies.

There is a general feeling in the city that the provincial cabinet will abondon the plan for the by-elections and call a general election instead, but there is nothing official to indicate that there has been any change in the recent decision to hold the by-elections, have another session and go to the country next June. —Albertan

"MEN'S BETTER WEAR"

School Column

—o—

The Convention of the Calgary Rural Teachers' Association was held in Calgary on October 22nd and 23rd. This year the teachers divided into groups—Primary, Intermediate, and High School, to discuss the problems of these divisions. This plan was followed during the greater part of three half days, but all assembled to hear such speakers as Miss Preston, English Exchange Teacher, Mr. Parker, President of the Alberta Teachers' Alliance, Mr. Scott, of the Calgary Normal staff, and Mr. Harvey, Assistant Supervisor of Calgary Schools. These special addresses were of real value and the discussion in the groups gave an opportunity to teachers to have their own individual problems discussed.

Teachers from Strathmore, Beria Vale, Namaka, Cairnhill, Carseland, Hervey, Serviceberry Creek, Crowfoot and other local school districts were present. A total of 154 teachers attended. Inspectors F. G. Buchanan and J. A. Smith were present.

The Executive for the next convention includes Mr. S. H. Crowther, of Strathmore, as vice-president, and Miss Potter, of Carseland, as a member of the committee. Mr. McIlmald, principal of Banff High School, was chosen as president.

A meeting of the Local A.T.A. will be held at Carseland on Friday, November 13th. A good deal of business of interest to all the Bow Valley teachers will be dealt with. The hospitality of the Carseland teachers is well-known, so we confidently expect there will be a good attendance.

There are still a number of books missing from the Strathmore school library. We are confident that some of these are in the homes of pupils past or present, and have been overlooked. Valuable use can be made of these books, and it is hoped that they will be returned.

Classes start promptly at 9 a.m. and 1.30 p.m., and a few pupils who make a practice of being late disturb the work of others, as well as losing part of the class time. The co-operation of parents is asked for in insisting that pupils shall be on time at school.

Pupils! How many exhibits of school work have you ready for next year's fair? Two months have already gone, and some of the work you have done has surely been worth saving.

The number of pupils in actual attendance at Strathmore school on Oct. 30 was 176, a net loss of six for the month. This is an average of just over 25 pupils per teacher. The average attendance was only 163 and only 82 attended every day during October. The attendance was 91 per cent. of the possible.

Langdon Retains "Wet" Majority

—o—

Recount of Ballots Increases Number Voting for Beer Hall Interesting Point.

—o—

In an election carried on under the Alberta Liquor Control Act, ballots, although marked on the back by the deputy returning officer with the numbers corresponding to those on the poll books, are valid, is the decision of Mr. Justice Walsh, when he accepted 102 ballots so marked, which resulted in an increased "wet" majority in the Langdon-Shepard beer hall election.

The Alberta statute declares that a ballot shall be rejected if it has any other mark in addition to the figure by which the deputy returning officer thinks it was intended to be identified. Mr. Justice Walsh pointed out that the deputy returning officer accepted these ballots, and that he must have thought that these numbers were not put on with the intent that they might be identified, and that as he put them on himself, he surely knew his intention in doing so, or that he must have been of the opinion that a mark put on them by him did not invalidate them.

Mr. Justice Walsh further pointed out that sub-section 5 of section 87 of the Alberta Election Act clearly indicated that in a political contest a ballot otherwise good should not be made bad by a mark improperly put on it by a deputy returning officer. He therefore declared that 102 ballots so marked by the deputy returning officer were good, the result being that the majority against local option in the Langdon and Shepard district is increased to 12.

C. Snider was solicitor for the Women's Institute
G. Nolan for the anti local optionists.

The Provincial Government surveyors are still doing the preliminary work on the main road between Inverlake and Namaka. It is intended to put a bridge over the Hartell coulee on the Serviceberry, improve the approach to the crossing two miles west of Strathmore, and also straighten the road allowance at Bolton's. The road will be 28 feet wide. These improvements should take a lot of the hazard out of the road when completed.

Hallowe'en was celebrated in Strathmore in the traditional manner, but the activities were of a mild type, the outbuildings suffering as usual, while local storekeepers and their assistants were kept busy cleaning their windows Monday morning. The radio made this election much more comfortable for many interested, who were able to sit at home and listen to the results coming in. The thanks of local people are due to the Calgary Herald radio department and the operator, Mr. Carleton. The mistake in the Bow River returns was not the fault of the radio. It caused a lot of premature glee in the Progressive camp, but the election turned out all right for them anyway, as far as Bow River was concerned.

Objects to Pictures

Nightingale, Alta.

Editor, Strathmore Standard,

Dear Sir:

My husband objects to your works of real art, I refer to the pictures of almost nude ladies (?) which appear in your paper. He is still old-fashioned enough to think that women ought to wear clothes. However, with your kindly help he may get educated up to that point later on.

Now, it must be a great deal of trouble to always find pictures of ladies so lightly clad; I suggest that it would require less effort on your part to find pictures of women clothed, and in their right minds. There are a lot of that kind of women going about, but no one ever thinks of putting their pictures in the paper. They are far too common, and anything common is without value.

Some women appear in less or more ridiculous clothes than anyone else has ever appeared in yet; she gets her picture in the paper. It is short-lived notoriety. To-morrow another woman will think of something more original. It is impossible to be so foolish that no one can beat it.

I believe in originality—women would not be interesting without it. A good woman need not be dull. But it doesn't take brains to make a fool out of yourself, and it certainly takes no originality. Yes, I believe that a woman has a right to legs as well as a man, and doesn't need to be ashamed of the fact either, but they were made to walk with, and not to look at.

If you insist on giving us something along that line, we could stand some real art, that is, the old statues of Rome or Greece—all of the pictures need not be women. Anything for a change.

I know that you publish these pictures because you feel that they are what people want. You want to put some pep into your paper. An editor is supposed to give people the best and educate them up to the place where they like it. We have to learn to like classical music, fine art, and good literature. A great passion for literature is the only thing that will develop literary taste, so Arnold Bennett says. He also says that real literature is life, and life is literature. Possibly some of the finest literature has never been written.

We want to give our young people the very best along that line. They must be taught how to live, as living is the highest form of art, and perhaps the most difficult. More than one genius has failed in the simple art of living, although he may have given us great characters in fiction.

We want to give our young people a well-balanced diet, not all sex stuff. Sex is one of the strongest things in a human being, and that is why it is a crime for our magazines and papers to be continually forcing it before us. Emotion is natural and necessary. No artist, musician, or writer can be a success without a certain amount of it. It is impossible to make others feel when you have never felt anything yourself. But it is the wise man who knows his weakness and does not let it rule him. Great literature makes us think and feel. It arouses mind and emotion, while the cheap, dangerous kind, arouses the emotions so forcibly as to leave no room for thought. That is the clever part of it, for there is no real thought in the stuff, it is so unlike real life.

The True Story Magazine is an example of this. One copy was enough for me. There is no straight thinking in it—bad morals appear romantic and life all sex. What kind of a state would society be in if everyone yielded to passing emotion? Even so-called romantic love is like a fever which passes away, strong while it lasts, but of temporary duration.

I am objecting to the pictures, not to the paper. The paper would be perfect if you would leave out the pictures. I hope that I said the right thing that time.

AMERICAN

(We appreciate hearing from the lady who has written the above letter, although she has omitted the usual rule of enclosing her name with the communication. The illustrated matter we are using in the Standard is supplied by arrangement with two of the largest feature services in Canada and the United States, which are used by thousands of the best newspapers throughout the continent. With the kind of weather we are having in Alberta, especially lately, there seems to be very little danger of the fair ones of this province emulating the examples of their sisters at the beach resorts on the Atlantic and Pacific coasts. The illustrations might, however, have the effect of attracting imigration to the U.S., so much decried in the election addresses of Conservative orators. The styles of women's dress in the past few years have drawn disapproval of ecclesiastics and others, but they still wear them, or don't wear them, as the case may be. Traffic officials say that the recent exposures of limb are responsible for the increase of street accidents involving male motorists and pedestrians. However, speaking seriously, we are glad to hear from our correspondent, and would appreciate hearing from others who may be interested in this or other matter appearing in the Standard.—Editor Standard)

THANKSGIVING BAZAAR, SUPPER, AND DANCE

Under the auspices of St. Rita's Altar Society, the annual bazaar and Thanksgiving supper of St. Rita's Church will be held in the Town Hall on Monday, November 9th, and as this is a general holiday everyone should be able to participate.

The bazaar opens at 2 p.m. with a fancy work sale, with all kinds of attractive bargains. The ladies will serve a fine chicken supper from 5 to 7 p.m. At 9 p.m. the annual thanksgiving dance will commence. The music will be provided by the Jolly Boys' Orchestra, of Calgary.

This Thanksgiving bazaar, supper, and dance has been one of the institutions eagerly looked forward to, and largely attended in Rockyford. This year it should be better than ever, as the new hall is available, with more than twice the space of the old hall. The ladies have been working hard to ensure the success of the function, and everyone who attends is assured a most enjoyable time.

Mr. Brooks, a farm hand working with Mr. V. C. Chapman, is at present in Rockyford hospital as the result of an accident sustained while hauling grain. He expects to be out in a few days.

We note from the Calgary papers that Angus Cochran is a candidate for the C.S.E.T. Boys Parliament in the Province as a member of the Constructive Party. As Angus is well and favourably known in Rockyford, having visited his father, W. T. Cochran, here on many occasions, we bespeak for him the liberal support of any boys who have the opportunity to vote. The constituency will have just reason on to be proud of Angus.

SWINE CLUB CONTESTS

The annual swine club contests for boy and girl members of swine clubs in central and northern Alberta will be held at the Edmonton Stock Yards, November 5 and 6. A total of $1,200 is being offered in prizes for these contests, in which some 70 members of clubs are expected to participate. The contestants will be guests of the Alberta Swine Breeders Association at a banquet, and the association is also giving three medals, for the members of the highest scoring team. The competitions being held by the C.P.R. and C.N.R. for teams from points on their respective lines will be held at the University on November 6. The provincial department and the railways assist in paying fares of contestants to Edmonton.

Rockyford

The famous Rainbow 8-piece orchestra will be at Rockyford on Friday, November 13. This orchestra has given great satisfaction wherever they have played, and will provide a treat for Rockyford dance fans.

The turkey supper put on by the ladies of the United Church on Monday evening was very successful. There was a big crowd and lots to eat. A fine musical programme was given after the supper. Miss Lena Dyer rendered a nice piano solo, Mr. Art. Sangster sang a couple of fine songs, dressed in the costume of France. He was accompanied on the piano by Mr. L. M. Katterhagen. The Kenworthy duet, banjo and guitar, was well received. The address by Dr. Tuttle, Principal of Alberta College, Edmonton, was a very well thought out contribution to a difficult subject, and was followed with close attention.

Aspiring Brides Carry Dowries With Them

If you were a bachelor in Algeria you could pick your bride according to the value of the dowry she displays. For, in that far-off country, the husband-aspiring maiden wears their wealth right on the front of their gowns. As you can see by the above picture, the dowries are shown in the form of European coins. Quick—Watson—when does the next boat sail for Algeria?

Craigantler News

Threshing is in full swing again since Monday, the 26th. Some were threshing in below zero weather with ice and snow on the stooks—far better than leaving it till spring.

• • •

Mrs. George McLean, of Cairnhill, is visiting with her parents for a week.

• • •

Hallowe'en parties were out on the 31st, but little was done to inconvenience anyone in this district.

The ladies of Craigantler district were invited by the school teacher, Miss Glamback, to hear a nice Hallowe'en programme by the school children. All enjoyed themselves very much, and after the programme cocoa, cake and pie was served by the ladies. Miss Glamback is only two months in the district, and she is well satisfied with her charge.

Rosebud News

—o—

The Ladies Altar Society gave a very successful dance and bazaar last Wednesday night, October 28th having a large crowd, and clearing $240. The successful ones in the drawing contest were: C. Cyres, $10 bank account, which he turned back to the church, Mr. Sinclair, an employee at the Murphy ranch, the embroidered bed spread; our famous violinist, Mr. Twist, the chair; L. Kinney and F. Powers, the geese; E. Forker, a rooster, etc. The society wish to thank all who so kindly aided them by donations. The same society will give another dance on the last Thursday evening in November, in the Rosebud hall.

• • •

The many friends of Miss Irving were pleased to see her smiling face again at the dance on Wednesday evening. Miss Irving is now teaching in Drumheller.

• • •

Mr. and Mrs. H. Buzzard returned from Calgary Saturday night, where each have been recovering from illness.

• • •

Mrs. F. W. Schulty and son, Walter, left for Eugene, Ore., Friday night. Mrs. Schulty being real ill again.

• • •

Mrs. Emma Gross sold her threshing machine to A. Storey, and he moved the outfit to the Crescent Star ranch Thursday.

• • •

Mrs. H. Jones returned last week from Carstairs, where she spent a week visiting her father and aunt before they start for California to spend the winter months.

• • •

Elma Henderson is home with her parents, after several months' stay in Irricana.

We are all looking for our tri-weekly rain, snow or hail, as most of the threshing machines are at work again, and its pretty tiresome working over two or three days without a rest.

Dale Brunner was operated on for removal of his tonsils last Saturday, and is getting along very nicely.

Ed. Carlson and Geo. Harbor expect to leave for Detroit, Michigan, in the near future, to spend the winter.

Many will regret to hear of the death of Geo. Lamphere, of Redwood Falls, Minn., on October 12, aged 71 years. Mr. Lamphere resided in Rosebud several summers, and looked after his son's farm in this vicinity during the war, and he and his wife made many friends while here. Sympathy is felt for his widow and sons.

We have been informed that the Ingham Bros. have taken over the interests of Sam Taber, and purchased the building. We wish them every success.

HINTS for the Household

—o—

BY BETTY WEBSTER

HOUSEHOLD HINTS

Thanksgiving Dinner Menu

Halves of grapefruit.
Roast turkey,
Mashed potato,
Giblet gravy,
Baked squash.
Creamed onions.
Pickled peaches.
Jelly.
Pumpkin pie.
Cheese.
Coffee.
A bowl of nuts, fruit and raisins.

Best Thanksgiving Table Trim

The most appropriate center-piece for Thanksgiving table is a bowl of fruits or a bowl of nuts and raisins or a pumpkin. This, with turkey place cards, will make an attractive looking table.

COOKING HINTS

Coffee for 36 People

2½ cups of ground coffee.
7 quarts of cold water.

Mix coffee with a little egg and crushed egg shell and put in a bag. Place bag in water. Boil very slowly.

Hints for Cooking Cranberries and Rhubarb

Add a pinch of soda when cooking cranberries and rhubarb. It does away with the extreme acid found in these fruits.

BAKING HINTS

Pumpkin Pie

1½ cups of steamed and strained pumpkin. (Canned pumpkin can be used.)
2-3 cup of brown sugar.
1 teaspoon of cinnamon.
½ teaspoon of ginger.
Little salt.
2 eggs.
1½ cups of milk.
½ cup of cream.

Method: Mix in order given. Pour in pie shell and bake. This makes 2 pies. The ingredients will keep several days if poured in mason jar and kept in the ice box.

To Brown a Pie

Brush top of pie with milk before baking and top crust will be a beautiful brown.

A WHOLESOME BAKED DINNER

Most housewives do not realize that oven dishes require really less attention than those prepared on top of the stove. But those who are fortunate enough to have self-basting enameled ware roasters, know from experience that this is a fact. The old-fashioned way of basting the meat every ten minutes or so did keep one almost constantly on the job if the meat was to be well-flavored and browned.

The enameled ware roaster, which not only roasts but basics as well, has eliminated all the attention and thought that the old method involved.

Roasts are said to be much better for one than friend foods and an additional advantage is that potatoes and vegetables can be roasted with the meat, which saves considerable time. White and Bermuda onions are on the market now and for a change from the usual boiled and creamed style of preparing them, try roasting them with the beef and potatoes.

Select a six-pound roast, wipe with a damp cloth, sprinkle with salt, pepper, and flour, and cook in a very hot oven for twenty minutes. Then place around the meat six or eight large pealed potatoes and the same number of medium sized onions. Season the potatoes and onions, cover and cook at the same temperature for forty-five minutes.

(Readers, Note: If you have any questions concerning Recipes and other Household Hints you would like to ask Betty Webster—address in care of this paper.)

Dalemead

The play "Aaron Slick from Pumpkin Crick", will be given at the Dalemead Hall on November 20.

A very enjoyable Hallowe'en social was held at the Hall Saturday night. A large number attended.

Miss Barkey, who has been a visitor at the Gilbert home the past two months, left for her home in Toronto.

The usual Hallowe'en pranks were performed.

Mr. and Mrs. H. Dixon, Mr. and Mrs. J. Hahle and family were Calgary callers on Saturday.

A number from the Dalemead vicinity attended the Masquerade Dance at Langdon, and report a good time.

Miss J. Rae, who is attending Normal school at Calgary, was a week-end visitor at the home of her parents.

Mr. and Mrs. Baldwin and daughter, Evelyn visited relatives at Dalcour Sunday.

Every Woman Deserves One

The SMP Roaster is a fine time saver. You put the roast or fowl in the oven. The roaster does the rest, bastes, roasts to perfection. It roasts with very little shrinkage, thus saving dollars every year. None of the tasty meat juices are lost; all the rich flavor is retained. Besides you can buy cheaper cuts, for it makes cheap cuts taste like choice ones.

The close fitting cover keeps all the cooking odors and the grease inside the roaster—the smell of cooking doesn't fill the house, and the oven is kept sweet and clean. Best of all, it cleans out in a jiffy after the roasting. These are splendid wearers. Price $3c, to $1.50 according to size and finish. Sold in all hardware stores.

THE ELECTION RESULT

—o—

The election held Thursday has given neither of the two major parties a majority. While the Conservatives have the largest number of seats, they would be outnumbered by a combination of Liberals, Progressives, and Independents. It is stated that Premier King will stay in office until he is forced out, but he has the problem of finding a seat for himself, and of finding seats for his reconstructed cabinet, for a newly appointed cabinet minister has to go before his constituents for re-election.

When the situation is viewed dispassionately, however, there seems no cause for worry, except to those who are convinced partizans. The electors have nominated 245 men, and entrusted them with the task of directing the political destinies of Canada for a term not exceeding five years. There seems no reason why these men should not be able to do so. The biggest change in administration of this kind would be that the decisions would be made on the floor of the house and not in the caucus, and that the country would be governed by Parliament as a whole, instead of by a party majority.

People generally do not take their party ties as seriously as they once did. Even down in the Maritime Provinces the electors turned away from their traditional Liberalism, and the only stronghold left is Quebec.

The Alberta representatives, regardless of party, are a very good type, especially Hon. R. B. Bennett, who is acknowledged one of the brightest minds in Canada, and who, when in Parliament previously, was strong in support of the rights of the West.

Mr. Meighen may take the example of Premier Baldwin in Britain, who, when the leader of the largest group in the House allowed the Labour party to take the reins of office for a year, and then forced an election. Before going to the country, however, Baldwin dropped the protectionist policy which he had advocated at the previous election. If Meighen would do the same, the results might be similar. But much will depend on circumstances, and the reports of Parliamentary proceedings will make interesting reading for the next few months.

—o—

FRED DAVIS WINS

Regardless of politics, people throughout the Bow Valley will congratulate Fred Davis on winning the East Calgary riding. Fred, unlike some other candidates, who, around election time lay claim to owning a farm, has actually operated a farm in the Irricana district for many years, and has experienced his full share of the farmers' troubles. The constituency he represents is largely urban, but the interests of the townspeople are the same as those of the farmer.

Fred made a very good member for the Gleichen riding a number of years ago in the Provincial House. His fight in East Calgary was regarded in the light of a forlorn hope, and he has reason to feel proud of the result. He is a member of the U.F.A. and of the Alberta Wheat Pool, and while he ran on a Conservative ticket, he may be depended on to put the farmers' interests to the front in the house and in the party.

—o—

OUR OWN MEMBER

To most of the electors in this district the past election was their first meeting with Mr. E. J. Garland, the choice of the people of Bow River, this district having been previously part of East Calgary.

Mr. Garland created a very good impression by his platform appearances, and polled the largest vote of the three candidates in the Strathmore district, though he was slighly outnumbered in Strathmore itself, which is traditionally Conservative. As a member of the party which will hold the balance of power in the next session of the House, he will be in a position to add to the already good reputation he has made in the House as a keen debator, and a worker in the interests of his constituents.

"A SONG OF THE POPPY"

—o—

By T. Longbotham, Baintree

Buy a blood-red poppy,
And scan the leaves so fine,
You will read the wondrous story,
Of the ever-surging line;
A line so often slender held,
But kept by hearts of gold,
Who, ever undismayed and true,
Braved ghastly death and cold.

From Ypre's ruins, black and grim,
And past the red Somme's breast,
Through Cambria, Baupaume, Perrone,
O'er Vimy's bloody crest;
In all the years that are to be,
The Maple's fame will sound.
So buy this precious little flower,
That speaks of sacred ground.

It sings of mighty conflicts,
Fought in air, on land, and flood,
And tells of deeds heroic,
That will always stir the blood.
For oft in red war's sternest mood,
Through hunger, woe, and pain,
Canadian lads would greet their foes,
And toss them back again.

It whispers of a mother's love,
And sweetheart's kindly thought,
And tells of father's joy and pride,
So often dearly bought.
From Amiens to ancient Mons,
It blooms in storm and shine,
To mark the place where heroes fell
For Freedom's sake—and thine.

If you take a little poppy,
And place it on your breast,
It will cheer the faithful laddies,
Who lived through war's cruel test;
To you will come remembrances,
Of loved ones o'er the sea,
Who died that you and I might live,
Not slaves, but ever free.

Carseland

—o—

The result of the election at Carseland was surprising to say the least. There were 82 votes cast for the Conservative candidate, 58 for the U.F.A. candidate, and 11 for the Liberal candidate. The result of the election in the whole Dominion goes to show that the people are not satisfied, and desire a change, and are led to believe that as Irvine has said: "If Tweedle Dee doesn't do it, perhaps Tweedle Dum will." Forgetting that they have the means in their own hands to better conditions if they but knew how to use it.

W. Phillips, Geo. Garnet, and Nellie Gibson were home over the week-end from Calgary, where they are attending Normal. May Kennaugh and Isabelle Mackie were also home to attend the costume ball Friday night.

George Fortney and family, and Sam Nelson and family left last week in their cars for California, where they expect to spend the winter. There are other families who are talking of going later on.

The tag-day held for the benefit of the Red Cross here on election day resulted in the magnificent sum of $36.20.

Work on the new building in town is progressing nicely during the last few days.

The costume ball put on by the U.F.A. last week was a huge success. The costumes were many and varied, ranging from the simplest to the most elaborate. Many showed originality in the extreme. Space will permit the mention only of those receiving prizes, however, there were many deserving of a write-up. V. Gilbert, dressed as Uncle Sam, and Miss Larsen, as a Spanish Belle, won the prize for national costumes. Mr. and Mrs. Bill Hill, as Holland folks, received prizes for home-made costumes, while Jim Gibson and Mrs. R. A. Bishop, as a negro couple, were awarded the money for the comic get-up. The U.F.W.A. has much to its credit in putting on an entertainment of the calibre of last Friday night's dance.

About all the threshing outfits in the neighborhood are busy again, and all hoping the nice weather continues.

Walter Christensen and Iner Christensen were home to attend the dance last week.

The teachers motored to Calgary last Friday night after the dance.

A number of people from here drove to Calgary last Saturday, reporting the roads to be in pretty good shape.

No, Scotty, you are mistaken—if I were to attempt delivery of the bull dog after his last encounter with the bear on the Banff Windermere trail, I would use a sack instead of a threshing machine.

A chicken supper will be served by the Ladies Aid at the Church on Wednesday evening, November 11, from 5 to 8. Lantern slide pictures will be shown afterwards.

APROPOS THANKSGIVING!
We are Thankful
THAT—

Our baby is getting so we don't average more than one pacing trip over the cold bedroom floor per night.
Our landlord has the gout.
Our mother-in-law is going to stay home this Thanksgiving.
We won't have to eat Turkey Hash more than once. (Day after Thanksgiving.)
Women's skirts are not getting longer.
Friend wife is not a bridge hound. So we, at least, can keep our furniture out of hock.
So far this year we've managed to come out of every poker game with our shirt on.
We don't have to pay any more installments on our car. (They took it away from us for non-payment last week.)
The would-be opera star next door has sprained her voice and will not be able to try out her tonsils on us for a couple of weeks hence.
We have, at least, one tie—(wife buys 'em)—in colors fit to wear.
The boss hasn't fired up—yet.

AND THAT'S THAT!

Slats' Diary

Friday—Ma had a good laff today when she was a telling us all about Mrs. Pellys little girl which has got a little orfant kitten down at there house. Wile ma was there this afternoon why Mrs. Pelly she tells the little girl that her Kitten needs a good bath and for her to take the anamal and give it a good warshing on ac it hassent got no mother to do it for it. She sed now see if you cant do better than its mother cud do, and after a wile the kid she cums back in the room and sed she gess she wood half to quit becuz she all ways got her mouth full of hares when she tryed to lick the kitten and once the darned beest skrached her tung. And we all laffed to.

Saterday—today when pa went down to the store he got mad at the Clerk. He wanted to by sum under Ware and the clerk sed. How long do you want it and pa got huffie rite off and sed. Why confound it I want to keep it, do you think I want to rent it.

Sunday—I and pa overherd the minister of are church hulling out a certian man here in town witch is very lazy. He sed to him. How cum you set around all day an read detecktif storys wile yure wife talks in warshtub. And he replyed and sed. Well you see my wife cant read none thats why.

Munday—I got a licken for comeing home frum skool today before it was oct. but even at that I am better off. I overherd the prinseple tell teecher to take me apart and talk to me Serious. So I beet it wile I was all to gather.

Tuesday—Pa was a telling about a ole widdow woman witch put a ad in the noosepaper today. It went like this. Wanted, a boy to talk care of a cow who wears rubber boots.

Wensday—I told Jane today that if I diddent kwit studying so hard why I beleaved I wood lose my mind an all she sed was. Aw dont flatter yure self so. She is very hard to understand here of lately.

Thirsday—Goy unuther licken today. I tawked back to the teecher. Pa sed diddent I no better than to do that. I sed it diddent talk me very long to see that I had made a unuseless miss take.

Canada's great outlook, says a recent issue of the London Outlook, is that she wants more people, but of the right type, namely, steady agricultural workers with enterprise initiativ and endurance. Enthusiastic letters from emigrants under the joint scheme of settling 3,000 families in Canada are bound to have their healthy effect on relatives and friends dissatisfied with their lot in England.

E. F. L. Sturdee, general Passenger Agent for the Orient of the C.P.R., with headquarters at Hong Kong, has been appointed Assistant General Passenger Agent of the system at Montreal. His duties commenced here in October. He was relieved of his other work owing to ill-health, but the climate of Canada soon restored him to physical well-being. He has a long record of service with the C.P.R., dating back to his first appointment at Saint John in 1894.

Sixty bushels of wheat at every tick of the clock is the rate at which the Canadian Pacific Railway have carried the grain into the elevators this season. To keep up this unprecedented rush, it has been necessary to move one car-load of grain out of Winnipeg at every one minute and twenty-three se-onds of the twenty-four hour day. Grain delivered at the head of the lakes by the Canadian Pacific in September alone would fill a fleet of 200 ships, each with a cargo of 200,000 bushels.

Back from an extended tour of inspection over the company's western lines, E. W. Beatty, chairman and president of the Canadian Pacific Railway, found a very marked improvement in the West as compared with that which had existed when he last went across the country. He thought the spirit of the people was much more optimistic and with very good reason since he considered it safe to say that 380,000,000 bushels was not too high an estimate for the total Canadian wheat yield this year. He noticed throughout the country a sustained interest in immigration and a more general realization that therein lay the soundest remedy for most of Canada's difficulties.
